

# Privacy Legislation Modernization Act (Bill 64)

## Business Challenge

In September, lawmakers enacted Bill 64 which aims to modernize crucial aspects of the various laws governing individuals' privacy in Quebec, amending provisions involving consent, data protection officers, notice, individuals' rights and more.

## How we help

Insight will dedicate an M365 Security Compliance specialist to delivering an informational workshop outlining what changes Bill 64 introduces, what types of data are impacted, key dates for implementation, details of required changes, and where M365 services fit into the picture from securing data in your environment and protecting against data breaches, to complying with new types of privacy requests.

## Who is this workshop for?

Information in this workshop is essential for:

- Privacy Officers
- IT leadership and Program Directors
- Legal leadership
- HR leadership

Come to this workshop with an understanding of:

- What personal information you currently collect (if any)?
- How consent is being gathered for personal data collection?
- How personal data is used, stored and disposed of?
- What security and compliance policies are in place to protect personal information?

### Duration

1 Day

### Benefits

- Understand milestone dates of Bill 64
- Understand new laws corporations must comply with
- Discover how M365 can assist with Bill 64 requirements
- Jump start requirements to be met in 2022
